3- Accommodation:

The University helps students to find accommodation. Applications to this service are to be made on the university website www.unibg.it/accommodation after mid-June for the 1st semester and in November for the 2nd semester. A single room in a shared flat will cost about 350-360 € (bills included). A small "monolocale" (studio) flat is around 450 € (without charges).

4- Cost of living in Italy:

*Information from EURES Website*

https://ec.europa.eu/eures/main.jsp?catId=8704&acro=living&lang=en&parentId=7816&countryId=IT&living=

"The cost of food expenditure in Italy is 2.1% higher than the European average, and has a strong influence on income, absorbing more than one sixth of family income. A family’s average food expenditure, EUR 457, is 6% more expensive. [...] Public transport is the cheapest in the EU[...]. According to a recent study by ADOC (the Association for Consumer Protection and Guidance), the costs of breakfast, rent, public transport, cinema and mobile phone calls are in fact lower in Italy than the European average, as opposed to domestic utilities (lighting, water, gas and waste), private transport, eating out and food expenditure.

The price of clothing in Italy is very similar to average prices in the EU, while the cost of consumer electronics in various EU countries, from mobile phones to tablet computers, do not differ greatly from one another.[...]."
