The University of Guelph European Studies programme is the only North American partner in the Crossways in Cultural Narratives programme, and the first full Canadian partner in any Erasmus Mundus consortium. Guelph offers Crossways students a supportive interdisciplinary environment, with engaged faculty members drawn from across the College of Arts and unique opportunities to gain research and teaching experience. Courses focus on four themes that contribute to the broader Crossways programme: cultures of sport and leisure in global Europe; myth, fairy tales and European identities; representing gender; and trauma, memory and migration.

3- Accommodation:
The average rent for a room in a shared house is between $400-500. The university residence tends to fill up with undergraduate students and is hard for students who arrive in the middle of the academic year to access. A good website to find accommodation listings for students is http://www.thecannon.ca/classifieds.
